

Xue Yang, M.sc

PSAM12 Speaker Bio

A fresh look at barriers from alternative perspectives on risk

Short Statement: First author and speaker

BIOGRAPHY

Xue Yang received her B.S degree in computer science and technology from Dalian Maritime University, China. She worked for Panasonic Software Development Center in Dalian as a junior project manager for four years before she came to Norwegian University of Science and Technology to continue with M.S in Project Management and RAMS (Reliability, Availability, Maintainability and Safety).

Currently Xue Yang is a Ph.D candidate at Norwegian University of Science and Technology, at the department of production and quality engineering. She is conducting a research in connection with MIRMAP (Modelling Instantaneous Risk for Major Accident Prevention) project, aiming to explore and develop methods for analyzing instantaneous risk as an input to decision-making related to major accident on a daily basis.
