

Shanqi CHEN

PSAM12 Speaker Bio

Processing of Switching Events Set in Reliability and Probabilistic Safety Assessment Program RiskA

Short Statement: First author of the paper.

BIOGRAPHY

Dr. Shanqi CHEN is the technology backbone of Reliability / Probability Safety Analysis software development group in the Institute of Nuclear Energy Safety Technology, CAS • FDS Team. He is also an outstanding doctoral student of school of nuclear science & technology at the University of Science and Technology of China (USTC), Hefei, Anhui Province, China.

As an technology backbone, he joined the Information-based System of Science Collaborative Research platform (CROSS), Third Qinshan Nuclear Power Plant Risk Monitor (TQRM) project, Reliability and Probabilistic Safety Assessment Program (RiskA) project and the Fund Project of Hefei Institutes of Physical Sciences, Chinese Academy of Sciences. He is the author or coauthor of 7 articles and has applied 5 Chinese invention patents.
